

Cynthia M. Rollins

Gary P. Rodriguez, Ph.D, Director
Manatee Hearing & Speech Center
701 Manatee Ave. West, Suite 201
Bradenton, FL 34205

Dear Dr. Rodriguez,

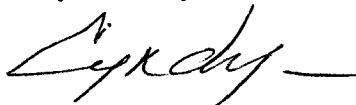

How can I ever say, "thank-you" enough to justify how incredibly happy I am with my new hearing aids?

I knew the sounds I was hearing would be louder: chirping birds, barking dogs, and Sam's voice. But, I had no idea how many sounds I was totally missing: rain on the windows, water running down the drains, the voices of little children across the street, the sound the soles of our shoes make on the pavementthe list is endless!

However, the greatest blessing with these hearing aids is being able to understand the mumbling of our grandsons, and conversations where there's background noise!!

I thank God for this amazing instrument in my ears and you, Dr. Rodriguez, for your kindness, compassion and knowledge in your office, but listening and hearing me at the Hearing Expo at the Manatee Technical School on March 3rd.

Very sincerely,

A handwritten signature in cursive script, appearing to read 'Cindy', followed by a horizontal line.
